

## Federal Reserve Bank of Boston Research Reports

1969

1 box (0.5 linear feet)

Call no.: MS066

### Collection overview

Established in 1914 as one of a dozen federal reserve banks nationwide, the Boston Fed serves the six New England states. The collection consists of research reports issued by the Federal Reserve Bank of Boston in 1959 projecting economic conditions for New England in the year 1970 for manufacturing industries, banking, electronic industry, and population and labor force.

This small collection consists of an incomplete run of forecasts and research reviews of the New England economy in anticipation of the new decade, 1970.
