Read collection overview

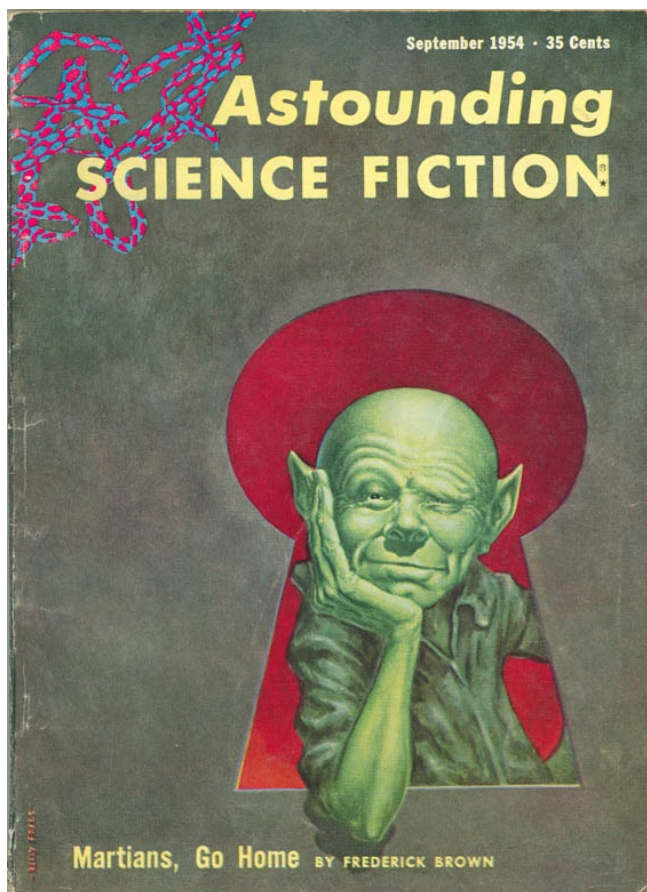

Founded in 1964, the Science Fiction Society at UMass Amherst is one of the oldest university based clubs of its kind in the United States. From the beginning, the members of the Society built a library to share books and periodicals, eventually amassing one of the largest circulating science fiction collections on the east coast, and they encouraged members to write their own fiction, at various points publishing their own magazine.

The Science Fiction Society Collection contains thousands of issues of science fiction periodicals from the golden age of the 1940s through the late 1990s. The collection includes essentially complete runs of major titles such as *Galaxy* and *Analog*, as well as minor and more ephemeral magazines.

Background on Science Fiction Society

Astounding Science Fiction, Sept. 1954

Founded in 1964, the Science Fiction Society at UMass Amherst is one of the oldest university based clubs of its kind in the United States. From the beginning, the members of the Society built a library to share books and periodicals, eventually amassing one of the largest circulating science fiction collections on the east coast, and they encouraged members to write their own fiction, at various points publishing their own magazine.

Scope of collection

The Science Fiction Society Collection contains thousands of issues of science fiction periodicals from the golden age of the 1940s through the late 1990s. The collection includes essentially complete runs of major titles such as *Galaxy* and *Analog*, as well as minor and more ephemeral magazines.
